Re: Health and Physical Education Praxis Study Trip Report

I am writing to inform you about the details of my recent trip to Newark, New Jersey, for the Health and Physical Education Multi-State Study. The study was conducted on November 14-15, 2013, at the ETS Chauncey Center.

During the two day study, I first reviewed the Health and Physical Education Test. Next, we started working on Defining the Knowledge and Skills for our candidates who are our test takers. We did this in groups. Then, we set judgments on the test questions as to how difficult or easy the test questions were for our candidates. As a total group study of 17(including myself), we have set the Recommended Passing Score for the Health and Physical Education Praxis Test. Lastly, we did an overall evaluation on how our facilitator did in conducting and managing the study as a whole.

I would like to thank you for allowing me the opportunity to experience this type of study. If I can be of any assistance and/or if you have any questions or concerns, please feel free to contact me via phone or email. Thank you.

Sincerely,

Juliet C. Moore
