PRAXIS II MIDDLE SCHOOL SCIENCE TEST (5440)

McKinley, Malik K <mmckinley@ets.org>
To: Lea Santos <lea.santos@gcec.guam.gov>

Fri, Sep 30, 2016 at 3:02 AM

Hi Lea:

Please take a look at the information provided below. If you have further questions about the adoption of this exam, please let me know.

Secondly, I am attaching the MS: Science MSSSS from Feb 2014. Sharon Temmer is creating the adoption form as we speak, and I will send that as soon as its ready.

Best,

Malik

Multistate Standard-Setting Technical Report

PRAXIS™ MIDDLE SCHOOL SCIENCE (5440)

Licensure and Credentialing Research

ETS

Princeton, New Jersey

February 2014

EXECUTIVE SUMMARY

To support the decision-making process of education agencies establishing a passing score (cut score) for the Praxis™ Middle School Science (5440) test, research staff from Educational Testing Service (ETS) designed and conducted a multistate standard-setting study.

PARTICIPATING STATES

Panelists from 20 states and Guam were recommended by their respective education agencies. The education agencies recommended panelists with (a) experience as either science teachers or college faculty who prepare science teachers and (b) familiarity with the knowledge and skills required of beginning science teachers.

RECOMMENDED PASSING SCORE

ETS provides a recommended passing score from the multistate standard-setting study to help education agencies determine an appropriate operational passing score. For the Praxis Middle School Science test, the recommended passing score¹ is 60 out of a possible 100 raw-score points. The scaled score associated with a raw score of 60 is 150 on a 100–200 scale.

¹ Results from the two panels participating in the study were averaged to produce the recommended passing score.
