Multistate Standard-Setting Technical Report

ETS[®] SCHOOL LEADER LICENSURE ASSESSMENT (6990)

Educational Testing Service

Princeton, New Jersey

February 2018

EXECUTIVE SUMMARY

To support the decision-making process of education agencies establishing a passing score (cut score) for the *ETS*[®] School Leader Licensure Assessment (SLLA), research staff from Educational Testing Service (ETS) designed and conducted a multistate standard-setting study.

PARTICIPATING STATES

Panelists from 20 states and Washington, DC were recommended by their respective education agencies. The education agencies recommended panelists with (a) experience as either school leaders or college faculty who prepare school leaders and (b) familiarity with the knowledge and skills required of beginning school leaders.

RECOMMENDED PASSING SCORE

ETS provides a recommended passing score from the multistate standard-setting study to help education agencies determine an appropriate operational passing score. For the SLLA, the recommended passing score¹ is 77 out of a possible 133 raw-score points. The scale score associated with a raw score of 77 is 151 on a 100–200 scale.

¹ Results from the two panels participating in the study were averaged to produce the recommended passing score.
