

DISTRICT REQUIRED TESTS/EXAMINATIONS

(Effective September 2002, the PRAXIS I was adopted as the required test)

BP 1000.144 (B) Composite Scores. A numerical value based on the combined sum of the “cut-off scores” for all sections of the required district test/examination will be accepted as an option in meeting the score requirements. Applicants may pass each individual section of the required district test/examination; or may utilize their composite score to achieve a total passing score.

An individual’s score on any “READING” section must meet or exceed the district cut-off score; whereas all other sections may be combined to meet the composite total. (AMENDED 8/9/07)
